Lutz Preparatory School

A Hillsborough County Public Charter School

April 18, 2022

The Lutz Preparatory Board of Directors has been recognized as a “High Performing Board” for multiple consecutive years. The Board is proud of this acknowledgment and strives to continue to improve its performance to best service the Lutz Prep Community and ensure the legacy it has helped to create.

A key factor to the LP Board’s success has been representation of individuals with a compilation of diverse backgrounds, professional acumen and connections throughout the Greater Tampa Bay business community. Hard work, dedication and a passion to serve others are also critical components to our achievements

The Board of Directors is seeking applicants that would be willing to serve on a committee and/or on the Board of Directors. Currently, the Board is particularly focused on adding depth to the Finance, Facilities and Advancement committees, however, it welcomes all interested parties to submit their resumes for consideration. Please note that it is not a requirement to have a student attending Lutz Prep in order to be considered for participation and we find that these members bring a unique perspective to our community.

Committee and Board members volunteer on average about 5-10 hours of their time each month to complete their tasks. In addition, we have monthly board meetings as well as several workshops throughout the year to address our strategic objectives.

Please submit your resume to administration@lutzprep.org no later than **Thursday, April 28, 2022**. The finalists will be interviewed via video conference in May 2022. Those chosen will begin their onboarding process this summer. Additionally, please forward this communication to anyone you feel may be interested in serving as well.

Thank you for your time and consideration.

Sincerely,

Lutz Preparatory Board of Directors
